

Adaptation and Mitigation Strategies on Farms for Extreme Weather

Tuesday, November 27, 2018, 10 am - 3 pm

**Cornell Cooperative Extension of Ulster County
232 Plaza Road (Kingston Plaza)
Kingston, NY 12401**

Learn from Cornell University experts why extreme weather events are occurring more frequently, how these events are linked to climate change and what can be done to address them. This free workshop is designed for farmers and those considering farming.

Agenda

- | | |
|---------------------|---|
| 10:00 - 10:30 am | General Overview: What is Climate Change? *Allison Morrill
