

Designing a Safe and Sanitizable Packing Line

Join Robert Hadad (Cornell Vegetable Program) to learn about how to design a packing line that fits your budget and maximizes efficiency and food safety.

Robert Hadad, Cornell Vegetable Extension Specialist

The workshop will cover:

- What you need to take into account when designing your line.
- Modify an existing system to increase food safety and efficiency.
- Robert will also discuss how packing line and packing house design fits in with the new Food Safety Modernization Act requirements

For more information or to register, please call 315-536-5123 or visit us online at https://reg.cce.cornell.edu/packinglineworkshop_257
