12690 Rte. 31 (between Albion and Medina)  
Albion, NY 14411

**Certified Supervisors are required to attend the first 30 minutes of training!**

### **\$20 per DEC Special Permit**

Recently NYSDEC has expressed concerns to CCE about the existing **Special Permit Pesticide Training** programs. Specifically, relating to the large number of individual labels issued on the special permit, and the lack of testing for individual trainees to demonstrate their acquired knowledge. In response, CCE has revised the Special Permit training program to address these issues.

This program includes a Worker Protection Standard Training, which should adequately meet the needs of farms who use the Special Permit Training for general pesticide training.

**DEC will allow us to conduct Special Permit (SP) training, note that it will only cover 11 specific pesticide labels and SP trainees will have to pass a test.** This will relieve the certified pesticide applicator from “on-site within voice contact” supervision of non-certified pesticide applicators when they are handling federally-restricted-use pesticides for which they hold a Special Permit. The labels that will be covered by this Special Permit are Lorsban Advanced, Endigo ZC, Warrior, Agri-Mek, Voliam Xpress, Gramoxone SL 2.0, Leverage 360, Danitol 2.4EC, Mustang Maxx, Asana XL, and Lannate LV.

**Pre-Registration is Required by April 1, 2016**
