# Berry Crops Field Workshop

***Tuesday, July 18<sup>th</sup>, 2017***

*5:00 – 7:00pm at Elam King's Farm*

*116 James Road, Fort Plain, NY 13339*

**This workshop will cover the following topics:**

- Renovation strategies for June bearing strawberries
- Foliar nutrient sampling: importance, timing and protocol
  - Managing SWD in 2017
  - Troubleshooting other pest issues
  - Update on protected culture research

These workshops are directed at the commercial berry grower.

Monitoring for pests, designing an effective pest control program, understanding cultural and chemical SWD management strategies and general troubleshooting will all be part of this workshop.

**There will be plenty of time for questions and discussion.**

**Please register by calling Abby at 518-746-2553 or registering the ENYCHP website,**

**<http://enych.cce.cornell.edu/>** – there is no fee, but it will help us provide the

appropriate number of handouts etc. If you get a machine, leave the number attending, your name and a phone number. **This event will happen rain or shine.**

*If you have questions, please contact Laura McDermott: 518-791-5038 or [lgm4@cornell.edu](mailto:lgm4@cornell.edu).*
