

Cleaning and Sanitizing on Produce Farms and in Packing Facilities

[March 31st, 2021 | 8:30 am to 12 pm Eastern time]

The Institute for Food Safety at Cornell University, UVM Extension Ag Engineering, and CCE [Insert your county, region or program here] are hosting a workshop on *Cleaning and Sanitizing on Produce Farms and in Packing Facilities*. This remote 3.5 hour webinar will provide:

- A brief review of microbial risks in produce farms and packing facilities
- Conducting a Sanitation Operational Assessment
- Presentations focused on the:
 - Basics of wet and dry cleaning and sanitizing
 - Value and importance of sanitation SOPs
- A hands-on exercise writing a sanitation SOP

Cost

The course is subsidized by several state and federal grants* and is being offered at a reduced cost of \$25 per participant. We will provide several resources related to the topics reviewed during the workshop.

Location

The workshop will take place via Zoom.

Registration

Registration is limited to 15 participants. The deadline to register for the course is two days in advance. After registering we will share the link to join the Zoom webinar and how to access workshop resources.

[Please register for the course here.](#)
